Our beautiful city of Benidorm stands as a sought-after tourist destination in Spain, catering to both families and football enthusiasts with a diverse array of attractions, activities, stunning beaches and pleasant Mediterranean climate. Situated in close proximity to other vibrant football-centric cities, Benidorm emerges as a haven for football enthusiasts. Despite a population of 70,000, the city hosts over 4 million visitors annually, attesting to its widespread allure.

For football enthusiasts, Benidorm houses our club CF Benidorm, a football club actively participating in the Spanish football league system.

The city's football scene is truly remarkable, attracting numerous professional teams from across Europe who capitalize on Benidorm's favorable climate and strategic location for training, as well as for engaging in friendly and competitive matches.

What better way to embrace the allure of Benidorm and the excitement of football than through Atlético and CF Benidorm?

ABOUT OUR CLUB

Established in 1987, Atlético Benidorm CD was a Spanish football club located in Benidorm, within the province of Alicante, Valencian Community. The club boasted a rich history spanning various divisions of Spanish football, achieving its pinnacle by securing promotion to Segunda División B, the third tier of Spanish football, during the 1999-2000 season. Additionally, Atlético Benidorm CD enjoyed success in the Copa del Rey, reaching the round of 32 on two notable occasions.

Atlético Benidorm CD's renowned youth academy has nurtured players for successful careers in professional football. It plays a crucial role in the club's mission to foster local talent development and provide global opportunities.

In May of 2023, Atlético Benidorm CD and DV7 Group reached a collaborative agreement to unite their strengths and establish a club with enhanced resources across all facets. This collaboration gave rise to the new entity, CF Benidorm, guided by a distinct vision: to establish the premier football academy in the city of Benidorm and the province of Alicante.

CF Benidorm has established robust affiliations with other clubs for professional and youth academy collaborations. These partnerships involve resource and expertise sharing to develop young players, facilitating their progression to professional levels and expanding opportunities for our members in the football arena.

CF Benidorm's home matches are played at the Estadio Municipal Guillermo Amor, which has a capacity of over 9,000 spectators.
